

## Quality, Environment, Health and Safety Policy

EICL Limited is committed to:

- Providing value added calcined and hydrous clays along with the required application support to its customers thereby enhancing customer satisfaction and building mutually beneficial partnerships.
- Continually improving our processes and performance.
- Protecting the environment and conserving resources by reducing wastes and emissions from the manufacturing process.
- Securing the health and safety of our employees, contractors, vendors and customers by maintaining incident free operations.
- Continually reviewing objectives and setting targets to improve our Quality and EHS performance.
- Complying with all relevant statutory, regulatory and other requirements.

A handwritten signature in dark blue ink, reading 'Karan Thapar', is displayed on a white rectangular background.

1st January 2009

Karan Thapar  
Chairman
